"My Final Year"

Sami Chammas

It was my final high school year and I shall
leave without
a tear.
Late night studying into morning.
The never ending lectures that were
boring.
A dance on a boat, caveman on a
Homecoming float.
A journalist for the paper, part of the
underground caper.
Member of the Thespian troupe, donkey
basketball shooting hoop.
Part of the ski club clang, singing in the
Go-Go's band.
There is so much more it's impossible to
name.
I was in the Class of '83, Here's to wealth,
success, and fame. — Sami Chammas

"An Adolescent Insurrectionist's View"

Matt Evans

As I sit here all alone
Looking upon the malignant water
Should I throw a stone?
It is an often asked rhetorical
question
In this inane world there is too
much speculation.
To what extent do I go?
When will I come out of obscurity? —
Matt Evans

Rick McKinney

"My Friends"

Mandy Martin

The time has come for us to part
But I will remember
And,
from time to time look back,
and think of you.
And,
if we should chance to meet again,
will you remember me
or I you?
I remember, skipping classes,
studying my head off,
long lunch lines.
I remember,
laughing with you,
but never at you,
and smiles smiled in passing.
I remember,
oh how much I remember.
Memories stored forever in my mind.
Memories of you,
and me,
and our Class of '83 — Mandy Martin

Dear Kimi,

I've known you for a while but it doesn't seem like I know you at all this year. I guess because I like my own little side of the room, but... Last year we had some good laughs though, but anyway have a good summer and take care now that you're out on your own. But you're a good personality person and looks and all that jazz. May God be with you

Fred

You are one of my favorite students, I will truly miss you next year. Keep those legs in good shape.

I really loved the times I spent with Yvonne whenever we go to the bay or Sea Port Village. I'm glad I have such crazy friends like Mary, Carolyn, and Carmen because they know how to make me have a crazy time. Without them I can't have a crazy time. I want Martie Rice to know I liked being her monitor even if we did drive each other crazy. I really hope that Joe Hargrove and I can become better friends, in time. Maybe as we grow more mature, our feelings about each will change for the better. Well I hope all my friends will find that they're looking for in life. And I hope they will be very happy. Michelle C. Zaragoza — I, Michelle Zaragoza, would like to thank all the staff that helped me through the years at San Diego. I also would like to tell the future seniors that your senior year is what you make of it, just don't party too much. Many thanks goes to Paula Trimble who backed me up all the way in anything I did. I'll always remember you. Also to my favorite, coach Hines. You'll always be my dad, no matter what color you are. Remember me always. I hope that the next president for Mecha will pick up were I left and do even better. Thanks to Mr. Bustillos for all his concern and involvement with Mecha. I greatly appreciated it. These seniors were always ready to party: Susy, Norma, Sissy, Richard, Junior, Fonz, and my big brother Dan. We all leave class of 84 to carry on. Best of luck to everyone. Michelle Zaragoza.
